

SAFETY

Travel safe and enjoy your holidays with confidence at 'Vesper Jewel' in 2022

Our number one priority is the safety and the well-being of our guests, as the COVID-19 pandemic is not yet fully under control globally. You may feel absolute safe with us: we simply honor and return your trust to us by maintaining a secure environment for you. We keep monitoring and adapting to the guidelines of the National Health & Safety protocols, actively reacting to challenges presented by the new way of living procedures:

- Negative COVID-19 test results are required before arrival, subject to government's guidelines and international travelling standards
- For transfers to be arranged, we only collaborate with partners who comply strictly with hygiene procedures
- We collaborate with designated disinfection teams
- All high contact surfaces, linens and towels are sanitized and disinfected by dedicated cleaning professionals
- Self-care sanitization corners exist with special antiseptics, face masks, front thermometers, gloves
- For your departure and upon request (extra cost applies) in cooperation with dedicated doctor, you can have approved PCR or rapid tests without leaving the venue
